WORLD-CLASS CONSTRUCTION®
Performance Contracting Inc (PCI) is one of the leading specialty contractors in the United States. We provide a wide range of quality services and products to the non-residential, commercial, and industrial markets.

For more than 60 years, our company has been committed to “providing value that exceeds customers’ expectations”. This philosophy has warranted our significant growth. PCG now has more than 60 offices throughout the United States.

PCI Completes Projects On Time And On Budget

Solid Performance & Quality Relationships
Make PCI A Trusted Industry Leader

HIGHLY EXPERIENCED MANAGERS ENSURE INNOVATIVE IDEAS, ACCURACY & EFFICIENCY
With PCI on the job, you’ll benefit by working with experts in the industry who consistently provide help throughout the project. Every PCI team is highly experienced in their specialty, which allows us to achieve high levels of efficiency. This translates directly into maximum value for the customer.

COMPREHENSIVE PROJECT SETUP HELPS ELIMINATE COST OVERRUNS
Studies show that most controllable project cost overruns can be eliminated or greatly reduced by the proper job setup, so every PCI job setup is an event in itself. We confirm specs, conduct pre-job “visits” to understand conditions, plan the work flow, review material handling, and we meet with other contractors when necessary. There is extensive collaboration among our Estimators, Project Managers, Superintendents, and Foremen to ensure accuracy and efficient work flow.

EXCELLENT OPERATIONAL PROCEDURES ALLOW FOR HIGH QUALITY & SAFETY
To keep tight control of critical tasks, PCI has comprehensive operating procedures that are followed with every project. By following these strict guidelines, they provide PCI a mechanism to identify needed changes, implement policies, enhance training, describe task requirements, and evaluate performance. The result is improved operational efficiency, greater accountability, superior quality and increased safety. All based on the foundation of identifying and eliminating risks in all areas of a project.

“At PCI, our devoted attention to detail is the key to our mutual success. Our expertise in anticipating and evaluating your needs provides superior value to your team, which has a positive effect on your performance.”

How You Benefit:

Our Commitment To Quality Relationships With Customers MAKES IT EASY TO DO BUSINESS WITH US.

Having One Of The LOWEST EMRs In The Nation REDUCES YOUR RISKS.

Our Nationwide Network Of Locations GIVES YOU GREATER ACCESS TO MANPOWER & RESOURCES.

PCI’s Strong Financial Resources GIVE YOU ADDED PROTECTION.

Employing & Retaining The Best Personnel In The Industry Allows Us To PROVIDE TOTAL CUSTOMER SATISFACTION.

PCI consistently has one of the lowest EMRs in the country, due in large part to Target Zero, our innovative Safety Program. Every employee receives targeted safety training throughout the year, in the field and in the classroom.

PCI requires comprehensive training for all our foremen, superintendents, managers, estimators, engineers, and administrative personnel. With our advanced job skills programs, we develop the most capable professionals who perform the best service for our customers.

Integrity and reputation are fundamental to our success. That's why we developed the “Principles of Business Conduct.” This provides guidance for employees to maintain the highest standards of ethical and legal practices in the industry.

PCI continually ranks as one of the Top Specialty Contractors in the nation by Engineering News-Record magazine. Our strong financial credentials allow us to provide excellent bonding and insurance for our customers’ protection.

“Our goal is to be the safest specialty contractor in the nation. We invest heavily in our Safety Managers, comprehensive safety programs and training. Performance is monitored on a daily basis.”
